EXPERIENCE

NOVITECH RD PVT LTD | COURSE-BASED INTERNSHIP

Apr 2025 – May 2025

- Completed a curriculum-guided internship focused on modern web development technologies.
- Developed responsive web interfaces using HTML5, CSS3, JavaScript, and Bootstrap.
- Built small UI components using React.js and practiced component-based architecture.
- Strengthened practical knowledge in DOM manipulation, API integration, and performance optimization.

PROJECTS

TO-DO LIST WEB APPLICATION | MINI PROJECT

Live Demo:// [to-do-web.com](#) May 2025 – May 2025

- Developed a clean and interactive To-Do List app with a responsive user interface.
- Core features include adding, completing, deleting, and filtering tasks (All, Completed, Active).
- Integrated localStorage to persist tasks across page reloads for better user experience.
- Tech Stack: **HTML, CSS, JAVASCRIPT**

S.V BAKERY CAKE SHOP WEBSITE | MAIN PROJECT

Live Demo:// [sv-bakery.com](#) June 2025 - June 2025

- Developed a fully responsive, modern bakery website with animated 3D cake particles and interactive gradient text using React and GSAP.
- Integrated dark mode toggle, sticky header, mobile-first design, and WhatsApp ordering system for a seamless UX.
- Implemented dynamic product/gallery sections with filterable categories and lightbox previews.
- Collaborated with AI-based design tools to co-create interactive UI sections and deploy aesthetic animations and layout faster with consistent branding.
- Tech Stack: **React, Tailwind CSS, Vite, GSAP, AI Tools**
